Senate Votes 10 Per Cent Surtax; House Is Balky

WASHINGTON (AP) — The Senate has voted for hiking taxes while holding down federal spending but election-year consideration and a parliamentary squabble with the House casts doubts on the final congressional verdict.

The Senate voted 57 to 31 Tuesday for a bill combining

three major provisions:

- The 10 per cent surcharge on income taxes proposed by President Johnson, which has been blocked in the House Ways and Means Committee since last summer.
- A \$6 billion reduction in federal spending.
- Extension of federal excise

taxes on cars and telephone service.

Backers of the tax hike—spending cut proposal voiced confidence the Senate's strong endorsement of the measure boosted prospects for an eventual tax increase and some House members agreed with that analysis.

But the Senate vote also demonstrated that most congress members up for re-election this November may not be enthusiastic about voting for a tax increase.

House and Senate conferees charged with forging a bill acceptable to both chambers scheduled their first meeting for late today.

Advance word from the House conferees was they would look favorably on few if any of the 18 provisions approved by the Senate.

The House traditionally has been jealous of its constitutional prerogative to originate tax measures in its Ways and Means Committee. Chairman Russell B. Long, D-La., of the Senate

Finance Committee, manager of the original excise-tax bill, said he saw little chance the House would accept the package amendments.

The package plan also calls for a \$10 billion slash in new appropriations for the next year and a 315,000 rollback in the number of federal employees.

Other major amendments would:

- Repeal a freeze provision on federal matching funds for aid to Families with Dependent Children included in the 1967 Social Security act.
- End the tax exemption privilege on industrial development bonds effective next Jan. 1.

HANOI READY TO TALK

Drive Aims To Lift Red Khe Sanh Siege

SAIGON (AP) — About 8,000 U.S. and South Vietnamese troops have launched a drive to lift the enemy siege of the Marine base at Khe Sanh, the U.S. Command said today. Against little resistance, the column was reported about eight miles from Khe Sanh.

The relief force was expected to push through soon to the battered fortress in the northwest, where 6,000 Marines and 1,000 South Vietnamese have been encircled since January by from 16,000 to 20,000 North Vietnamese regulars.

As this drive, which kicked off Monday, was announced, informed sources said that a Cambodian navy boat shot down a U.S. Navy plane on patrol off the west coast of South Vietnam.

10 Men Missing

The patrol plane was looking for gun-running Viet Cong trawlers in the Gulf of Siam. Its 10-man crew was missing.

In the advance on Khe Sanh, U.S. 1st Cavalry Division troops were cooperating with Marines and South Vietnamese troops. In all, 8,000 troops were engaged in the drive.

The advance is west over National Highway 9 from Ca Lu to Khe Sanh, a distance of 12 miles. The relief force last was reported about a third of way to Khe Sanh, the advance slowed by blown up bridges.

"We want to open a road and defeat any enemy we encounter," said Maj. Gen. John J. Tolson of New Bern, N.C., commander of the cavalry division who has assumed control of the operation called Pegasus. "There should be enough here to keep us busy."

Major Battle Uncertain

It was too soon to tell if a major battle would erupt when the

relief force strikes the main North Vietnamese positions.

Informed sources reported that it was presumed a big air and sea search was under way for the patrol plane in the Gulf of Siam.

Antiaircraft guns on the Cambodian ship brought down the four-engine turboprop P3B Orion Monday, the sources said. The plane was reported over an area of the Gulf of Siam where the territorial waters of South Vietnam and Cambodia are not clearly defined, and some South Vietnamese islands are just off the Cambodian coast.

The plane apparently was the first American aircraft brought down by Cambodian guns.

Situation Delicate

The U.S. Command refused to discuss the plane's fate, presumably because of the ticklish situation between Cambodia and the United States. Cambodia's chief of state, Prince Norodom Sihanouk, broke relations with the United States in 1965 and repeatedly has accused U.S. and South Vietnamese forces of violating his borders and attacking Cambodian border villages.

The United States in turn charges that Viet Cong and North Vietnamese forces use Cambodia as a sanctuary from pursuing American and South Vietnamese forces and a safe supply route to South Vietnam.

Sihanouk has on exhibit in Phnom Penh, his capital, the wreckage of an American helicopter and a C123 twin-engine cargo transport. He says they were brought down inside Cambodian territory two years ago, but it is believed both were shot down by the Viet Cong.

Raid Railroad

The missing plane apparently was from Navy Patrol Squadron 26 based at Brunswick, Maine. A spokesman at the Naval Air Station there said Tuesday a P3B had been lost with 12 men aboard, not 10 as reported in Saigon.

The Orions usually operate about 50 miles off the Vietnamese Coast, alerting Allied air and sea forces to any suspicious shipping.

Meanwhile, American planes in the air against North Vietnam attacked a railroad siding Tuesday within one mile of the northern boundary set by President Johnson in his bombing curtailment order.

With Hanoi, Haiphong and the rest of the northern part of North Vietnam barred to them, American pilots continued to increase their attacks on supply lines in the southern panhandle. Despite overcast skies and a visibility of only one to two miles, a total of 113 missions were flown Tuesday, double the average number flown against the panhandle before Johnson's restriction.

DeGaulle Lauds Bombing Pause

PARIS (AP) — President Charles de Gaulle today described the U.S. move to de-escalate the war in Vietnam "as an act of reason and political courage."

In his first public comment on President Johnson's limitation of U.S. bombing of North Vietnam, de Gaulle called the move "a first step toward peace."

However, de Gaulle pointed out that the bombing halt was "neither general, nor unconditional." This seemed to be a reference to North Vietnamese conditions that all attacks on North Vietnam must cease before peace talks can begin.

ABOUT 100 STUDENTS of Bay de Noc Community College marched in downtown Escanaba at noon Tuesday to protest the college administration's action in not offering a contract for next year to faculty member Kenneth Sanderson. Here the students march on Ludington St., bearing banners: "We Want Sanderson" and "What Good Is College Without Freedom?", etc. The College Board of Trustees

will review the administration action in a closed session at the college at 8 tonight at which Sanderson has been asked to attend or be represented. College President Richard Rinehart said the recommendation against giving Sanderson a third year contract and tenure was because he had not shown "sufficient degree of faith and trust" in the college administration. McCarthy Strengthens Chances In Wisconsin; Humphrey Delays

WASHINGTON (AP) — Supporters are laying groundwork for a possible presidential try by Hubert H. Humphrey and Sen. Eugene J. McCarthy has strengthened his bid for the Democratic nomination with a majority victory in Wisconsin.

But the vice president told newsmen Tuesday night he has not decided yet whether to enter the race. "I'll let you know when I do," he said.

Sen. Joseph S. Clark D-Pa., said he expects the announcement Thursday at an AFL-CIO convention in Pittsburgh. But an aide said Humphrey won't make his decision "for a couple of weeks or more."

Texas Democrats—in what they agreed was a long-range effort to throw state party machinery behind Humphrey—unanimously endorsed Gov. John Connally Tuesday as a favorite-son candidate.

Union Rejects Offer By Bell

DETROIT (AP) — Members of the Communication Workers of America Tuesday night rejected a Michigan Bell contract package that the company says is the largest wage offer it has ever made to the union.

However, union and Michigan Bell officials signed agreements extending the current contract on a day-to-day basis beyond the pact's expiration date of Tuesday midnight.

A company spokesman said the union rejected an \$11 million package in basic wages and fringe benefits. This is a seven-and-one-half per cent increase over the next 18 months, he said.

This would mean weekly wage increases of from \$4 to \$15 per employee. Some 18,000 of Michigan Bell's 26,000 workers are represented by the CWA.

Further talks are planned, the company said, but no specific timetable for negotiations was made.

prominent Democrats in the vice president's home state of Minnesota.

McCarthy's Wisconsin vote ran 57 per cent to 35 per cent for President Johnson, whose name stayed on the ballot despite his Sunday night announcement he won't seek re-election.

Republican candidate Richard M. Nixon's vote ran about 80 per cent to 10 per cent for California Gov. Ronald Reagan.

Sen. Robert F. Kennedy, McCarthy's major rival so far, got about 7 per cent of the vote on write-ins.

McCarthy Praised

Kennedy praised McCarthy for "an outstanding job" of presenting the Vietnam war and other issues in Wisconsin and New Hampshire, and added: "I am presenting my case across the rest of the country."

A referendum on the ballot in Madison for immediate cease-fire and U.S. withdrawal from Vietnam was defeated.

Humphrey said he had "no time frame" on when to decide whether he should run for president and said he did not talk to President Johnson Tuesday about the prospects.

In addition to Clark's announcement, the Columbus Citizen-Journal quoted unnamed Ohio Democrats as saying Humphrey aides had told them he

will announce Thursday as a candidate.

Governors Meet

The nation's Democratic governors have been invited to meet in St. Louis April 15 to discuss "recent political events"—presumably including at least the possibility of a Humphrey candidacy.

In other political developments:—Nixon told Republican women in Cincinnati the world depends on America for peace and new leadership is needed to bring it, "I believe we are going to win," he said, "because a divided Democratic party cannot furnish the leadership."

Nation Puzzled

—Kennedy said in Philadelphia Johnson's de-escalation of the war was helpful, but added: "We have to reexamine our whole position in Vietnam. We have to develop policies so that we never get involved in Vietnam again."

—Michigan Gov. George Romney, who withdrew from the GOP presidential race, was asked if he would accept a draft and he replied: "That is purely theoretical."

—Former President Dwight D. Eisenhower said "the whole country is puzzled" by Johnson's decision not to seek reelection and to de-escalate the war. He said the decision "makes a new ball game all across the board."

Senator Mack Is Hospitalized

LANSING (AP) — State Sen. Joseph Mack, D-Ironwood, was reported in satisfactory condition today at a Lansing hospital where he was under observation in connection with a diabetic condition.

Mack was admitted to St. Lawrence Hospital Tuesday after attending a morning Senate session.

A hospital spokesman said a diagnosis of the senator's condition had not been completed and declined to speculate on how long he would be hospitalized.

They were opposed by Sens. James Fleming, R-Jackson, and L. Harvey Lodge, R-Waterford, both attorneys, and George Kuhn and Robert Huber, both Birmingham Republicans.

Reds Seek Halt To Bomb Raids With No Catch

WASHINGTON (AP) — North Vietnam said today in a broadcast monitored here it is ready to send representatives to meet with U. S. representatives to decide about an unconditional halt of the bombing of the North so that peace talks could begin.

A State Department spokesman had no immediate comment on the Hanoi announcement and it was not immediately clear whether the United States would regard the North Vietnamese statement as responding to President Johnson's newest offer.

The radio broadcast, in the Vietnamese language, said as translated here:

It is clear that the U. S. government has not correctly and fully responded to the just demand of DRV North Vietnamese government, of U. S. progressive opinion, and of world opinion.

However, on its part, the DRV government declares its readiness to send its representatives to make contact with U. S. representatives to decide with the U. S. side the unconditional cessation of bombing and all other war acts against the DRV so that talks could begin.

Presumed Official

The North Vietnamese language broadcast arrived more than an hour ahead of a scheduled 11:15 a.m. EST announcement that Radio Hanoi said it was going to make.

Presumably the North Vietnamese statement was to be an official response to Johnson's move for peace talks which he announced in his Sunday night speech.

Denounce U. S.

Johnson said Sunday night he had ordered air and naval attacks on North Vietnam stopped "except in the area north of the Demilitarized Zone where the continuing enemy build-up directly threatens allied forward positions and where movements of troops and supplies are clearly related to that threat."

Johnson said he had ordered the cutback in the bombing as a unilateral act by the United States to induce North Vietnam to enter into negotiations to end the war.

The key part of the Hanoi broadcast was preceded by denunciation of U. S. "imperialism."

"During the past more than 10 years," Hanoi radio said, "U.S. imperialism has brazenly violated the 1954 Geneva Agreements on Vietnam, endeavored to implement its interventionist and aggressive policy, and waged a war against the Vietnamese people."

Washington Silent

"It has schemed to permanently partition Vietnam and turn South Vietnam into a new-type colony and military base. The South Vietnamese people, united as one, have risen up to struggle resolutely to defend their basic national rights."

At the White House, there was no official reaction pending a close look at the Hanoi pronouncement as monitored here.

The broadcast did not say that North Vietnam would be willing to come to the conference table outright. Instead, it said Hanoi's envoys were willing to contact American representatives to decide on "unconditional cessation of bombing—so that talks could begin."

The North Vietnamese have long demanded a complete and unconditional stop to the U.S.

Deserter Given Work Sentence

FUERTH, Germany (AP) — Pvt. Roy Ray Jones, wearing the U.S. Army uniform he discarded last year for asylum in Sweden, was sentenced by a general court-martial today to four months at hard labor after it found him guilty of being absent without leave.

The 21-year-old Negro, the first Europe-based American soldier to be granted "humanitarian" asylum in Sweden because of avowed opposition to the Vietnam war, will also receive a bad conduct discharge and forfeit all pay and allowances.

Jones spoke only one word during the four-hour session: a prompt and loud "guilty" when the court asked how he would plead.

Jones, of Pontiac, Mich., left his unit in nearby Schwabach in January 1967. He and his German wife returned to Germany March 12 with their infant son.

Don Keskey To Attend U Of M College Of Law

Don L. Keskey

Don L. Keskey, a Northern Michigan University senior honor student from Escanaba, has been accepted for admission to the University of Michigan Law School for this fall.

Having served since 1966 as Northern's student body president, Keskey has also been 1965 NMU Homecoming Chairman, president of the Michigan Association of Student Governments, and an elected member of this year's Senior Cabinet. He participated in NMU varsity debate for two years and is a member of the Pi Kappa Delta national honorary debate fraternity and Delta Sigma Phi social fraternity.

Keskey, a 1964 graduate of Ironwood High School, will graduate from NMU in August with a bachelor's degree in political science and minors in economics and history. During his years at Northern, he has attained close to a 3.5 overall average out of a possible 4-point academic scale.

He is the son of Mr. and Mrs. Louis J. Gregory, 1823 S. 16th St.

The First Manassas (known as the Battle of Bull Run), won by the Confederates, is considered the first major land battle of the Civil War.

State Urged To Safeguard Water

By CLINT DUNATHAN

An industry's plans for improved waste control in an expansion of operations that will give more jobs to the community, and pleas for safeguarding the area's water resource were heard by the Michigan Water Resources Commission at Escanaba Tuesday.

The Mead Corp. is asking for a permit to discharge waste effluent into the Escanaba River, and the hearing on the permit was held in the State Building before Gerald E. Eddy and John P. Woodford, Lansing, of the Commission.

Ralph Purdy, Water Resources Commission chief engineer, said that a transcript of the testimony will be prepared and that he will try to have a recommendation to the Commission for its meeting to be held April 25-26.

Cleanup Described

The Escanaba Paper Co. (subsidiary of Mead) expansion is now under way and will in two phases increase employment from 600 to 800 and then to 1,100.

Joseph Bal, Water Resources Commission district engineer, said the improvement in waste disposal outlined by the Mead Corp. at the hearing will represent "a 100 per cent cleanup of what people see as pollution of the Escanaba River."

The control program is based on load limits of critical drought periods, and will be regulated to the flow of the water in the river, he pointed out.

"On a year-around average the oxygen demand load, which is the critical factor, will average a little more than one-half of the present load," said Bal. "The solids discharged will be reduced 100 per cent—that is, no solid material which can be settled out will be discharged."

Effect On Fish

The coloration and other obviously objectionable appearances of the river water below the paper mill will be eliminated by the control measures proposed by Mead, Bal said.

The concern of the public in the cause of clean water was expressed at the Commission hearing by several persons, including representatives of sportsmen's groups,

commercial fishing interests, and the State Health Department.

Arthur O. Schafer of 1011 S. 19th St., Delta Sportsmen's Club member, and Roy A. Jensen, Lake Shore Road, Escanaba, a director of the Michigan United Conservation Clubs and executive secretary of the Michigan Fish Producers, made statements at the hearing.

Schafer said the community recognizes and appreciates the benefits that will come with the Mead Corp. expansion; and that there is public appreciation also of the efforts of the firm to reduce the pollution of the river.

Water Quality

He noted that the river 50 years ago was suitable habitat for trout, that later only wall-eyes and northern pike could be taken there, and that now the few that are caught are unfit to eat.

There is "a real mess now," said Schafer, who questioned whether the public should be satisfied with the promise that pollution will be reduced by one-half to two-thirds of the present level.

The use of public waters by Mead Corp. is good business and beneficial to the people, he said but it is also the "people's right to expect and demand that after such use of a resource by industry that such resource, water in this case, be returned to the people for their use in reasonably the same condition as before its use. Only this should be acceptable. Certainly not one-half to two-thirds mess as now indicated," Schafer said.

"We feel the proposed waste control measures by Mead Corp. are not adequate to return the used water to the people of Michigan in reasonably the same condition as before its use," Schafer concluded.

Water Supplies

A communication from the Michigan United Conservation Clubs was read into the record, asking the Commission to make sure Mead complies with the state's water quality standards in its operations.

Henry Vondette, Marquette, regional fish supervisor, Conservation Department, asked that the industry meet water quality standards for the protection of anadromous (salmon) fish.

The Michigan Department of Health directed the attention of the Commission to the fact that Escanaba and Gladstone take their municipal water supplies from Little Bay de Noc and that nothing should be discharged into bay waters that would be harmful to this supply. The report was made by Cletus Courchene, engineer in charge, U.P. office of the Michigan Department of Health.

The presidents of three local unions whose members are employed by the Mead Corp. reported the unions are in agreement with Mead in their plans for expansion.

President Richard Rinehart recommended that Sanderson not be offered a new contract because of his alleged "lack of trust" in the administration. Sanderson, through the faculty Professional Affairs Committee, has appealed the decision to the Board of Trustees.

College Protest Activity Abates

Student activity protesting an administration recommendation that political science instructor Kenneth Sanderson not be offered a 1968-69 contract abated today at Bay de Noc Community College.

A meeting for students, faculty members and residents to form a committee to protest the proposed dismissal of Sanderson is scheduled for 8 p.m. today at 219 Ogden Ave.

The college's Board of Trustees will discuss the case in a closed session this evening. Chairman Joseph Heirman said Sanderson would be represented at the meeting.

President Richard Rinehart recommended that Sanderson not be offered a new contract because of his alleged "lack of trust" in the administration. Sanderson, through the faculty Professional Affairs Committee, has appealed the decision to the Board of Trustees.

Forest Blaze Hazard Is High

The forest fire hazard in the Upper Peninsula remains high, Robert Gouin, regional forest fire supervisor, of the Conservation Department, Marquette, reports. Thirty-eight fires burned 241.8 acres in the past week and there are no forecasts for any immediate change in the weather. The early breakup this spring has left many areas in the Upper Peninsula in a very dry condition, making the ground vegetation ideal for burning.

Gouin says people who wish to burn around their camps, farms, etc. must have a burning permit which can be obtained from the nearest Department of Conservation field office or local fire officer.

He said that once fire is started the permittee has full responsibility for control of it. He thanked the public for their fine cooperation in the past and asked for continued support.

No fires were reported from the Baraga District composed of Baraga, Gogebic, Houghton, Keweenaw and Ontonagon counties.

Twenty-two fires were reported from the Crystal Falls District, composed of Iron, Dickinson and Menominee counties, burning 208.4 acres.

Twelve fires were reported from the Escanaba District which is composed of Delta and Marquette counties and the west half of Alger, burning 29.6 acres. To date the district has had 12 fires burning 29.6 acres.

Four fires were reported from the Newberry District (Luce, Mackinac, Schoolcraft, Chippewa and the east Alger counties) burning 3.8 acres. To date it has had 5 fires burning 4.1 acres.

A total of 41 fires have burned 246.6 acres in the Upper Peninsula to date.

Petry Opposes Rep. Jacobetti

ISHPEMING — Joseph F. Petry, 36, of Ishpeming, announced Tuesday that he will challenge Rep. Dominic Jacobetti for the Democratic nomination for state representative in the 108th District.

Petry said his entry into the race is a "direct reaction" to the land acquisition bill which Jacobetti co-authored with two other Upper Peninsula lawmakers.

The bill would permit condemnation of lands needed for Upper Peninsula pellet iron mine plant tailing ponds to dispose of mill wastes. The condemnation could be only through court action, the landowner could have his choice of a three-man commission of citizens or a jury of 12 members to determine whether the lands were truly needed for a disposal area and also its value. The mining company would pay landowners' legal fees. Minnesota has had such legislation since 1945.

Petry said the bill, if approved, would be a "direct violation to the institutional precept of our society which advocates and necessitates the concept of private property rights."

Petry, a native of Ishpeming, operates the Club Casino.

Area Musicians Are Top Rated

Escanaba Area High School's Concert and Varsity bands and the Orchestra all received Division 1 ratings Saturday at the Upper Peninsula Band Orchestra festival at the Area High School.

John R. Chown directed both bands. Robert Chase conducted the orchestra.

A total of 25 bands and orchestras from Upper Peninsula high schools competed in the festival. Judges were from Ferris State College, Big Rapids, and Wisconsin State University, Oshkosh.

Song Program Pleases Rotary

Songs in three languages — Italian, French, English — were presented by the Madrigals to the Rotary Club at its meeting at the House of Ludington Tuesday noon.

Conrad Beck, directing the Escanaba Area Public High School chorus, said that folk songs in Finnish may be added in the future. The Finnish songs were found by David Laakso of the school music department among the effects of his late father, and will become a part of the Madrigal program.

An Italian composition in five parts opened the program. The song has won for the Madrigals 10 consecutive first place ratings at Upper Peninsula music festivals.

Beck noted that the group that sang for the Rotary Club was in the majority composed of seniors who will graduate from the Area High School this spring and that the membership changes from year to year. Madrigal singing originated in Italy, crossed the Alps into France and thence to England, where it reached its most prolific growth, Beck reported.

The excellence of the Area High School's music program is indicated, Beck added, in the fact that it has been invited to present a demonstration on choral techniques at the approaching U. P. music festival.

Ralph Kaziatek, club president, conducted the Rotary meeting and the program was introduced by Don Yost.

Sheriff Names New Deputy

Resignation of Neil Kositzky and appointment of Edward Bertrand Sr., to his position of deputy with the Delta County Sheriff's Dept. was announced Tuesday by Sheriff Harold Finman.

The change was effective April 1, Finman said. Bertrand has been working with the department for about two weeks while Kositzky was on vacation. Kositzky, 1612 10th Ave. N., had been a member of the department for several years.

Bertrand, 48, of 1602 11th Ave. S., came to Escanaba from Iron Mountain to manage the Clark Oil Co. stations. In 1958, he became Upper Peninsula sales representative for Marathon Oil Co.

During World War II he served 3½ years with the 397th Engineers, including 26 months in the China, Burma, India theater.

Bertrand is married and has two children, Edward, a patrolman with the Escanaba Police Dept., and Peter, a student at Milwaukee.

Marquette Awaits First Ore Boat

MARQUETTE — Chamber of Commerce officials today were planning a traditional welcome for the Captain and crew of the first iron ore carrier to reach Marquette to open the 1968 navigation season.

Harry K. Nelsen, dock agent for the Lake Superior & Ishpeming Railroad, said he expected the steamer Joseph Young, a Boland and Cornelius vessel, would reach the Presque Isle harbor sometime Thursday.

Train crews were dumping iron pellets into ore pockets at the dock this morning in preparation for the start of shipping.

Marquette has had two consecutive 7 million ton shipping seasons with ore cargoes climbing to an all-time record 7,249,000 tons last year.

Musical Directors Draw On Experience

If experience means anything in an amateur theater attempt at a Broadway musical, the Players de Noc are well prepared for the coming production of "My Fair Lady" at the Escanaba Area High School auditorium.

The combined experience of John A. Romstad and Marie K. Peterson, gained in seven musical plays and scores of other dramas, is going into rehearsals for the production.

Romstad, who is directing the drama and staging of "My Fair Lady," has been involved in three musicals at the high school and directed last year's Players de Noc performance of "The Music Man." He also has directed other Players de Noc dramas and produced dozens of plays while serving for 12 years as drama director at the high school.

Mrs. Peterson, who is directing the music of the play, has had experience in three musicals and is active as music in-

structor at Bay de Noc Community College and as the director of St. Anne's Church choir.

A native of Ironwood, Romstad received his bachelor's degree in speech and English at Carroll College, Waukesha, Wis., and a master's degree in drama and speech at the University of Michigan. He earned a second master's degree in educational administration at the University of Hawaii.

He is currently serving his second year as executive director of Players de Noc and also is a member of the Board of Directors.

Mrs. Peterson, originally from Hartford, Wis., received her bachelor's degree in vocal and instrumental music at Wisconsin State University, Oshkosh. Before coming to Escanaba, she taught two years at Sturgeon Bay, Wis.

She is married to George A. Peterson, mathematics instructor at the community college.

"My Fair Lady" will be produced April 22, 23, 25, 26 and 27. Tickets are on sale at Gust Asp's. All seats are reserved.

Green Bay's Port Growing

The 1968 navigation season at the Port of Green Bay, Wis., begins with the arrival of the tanker Sinclair Great Lakes bringing a cargo of petroleum products.

The first ocean vessel, the Vibyholm, of Scanlake Lines, is to arrive on April 22, and will be preceded by the Canadian pulp carrier D. C. Everest about April 10th. The Vibyholm will operate in the north Europe trade, and will be followed by the Exiria, in the Mediterranean trade, on April 23. Other scheduled arrivals include the Mormacpine, South American trade, on May 4th; Flensburg, northern Europe trade, May 6th; Mormacisle, east African trade, May 8; Orient Transporter, mid-eastern trade, May 16; Orient Importer, Mediterranean trade, May 16th; and Orient Mariner, India trade, May 23.

The inner harbor deepening project was completed in late 1967, and it is expected that the port will witness the movement of more overseas tonnage this year. Last year Green Bay harbor handled 2,589,456 tons of foreign and domestic freight, according to Port Director Robert W. Barclay.

The total included 2,424,724 tons of domestic cargo and 164,732 tons of foreign cargo which included 98,938 tons of imports valued at \$9,706,860 and 65,793 export tons valued at \$6,425,939 or a total valuation of \$16,132,799, an increase over the 1966 season which aggregated at 104,528 tons and \$14,255,972.

The year 1967 also saw beginning of shipments of pig-iron to dock storage locations for land movements to foundries and iron and steel works throughout the Wisconsin and Michigan hinterland.

Lions Select Fred Saykly

Fred Saykly, Escanaba candy manufacturer, has been elected president of the Escanaba Lions Club.

Saykly will serve for the 1968-69 year, succeeding current president Walter Peterson.

Other officers elected are: Dennis Foltman, first vice president; August Brazeau, second vice president; William Perron, third vice president; David Andrews, treasurer, and Gary Barton, Lion tamer.

Nick Bink was elected for a one-year term on the club's Board of Directors and Charles Beggs and Jack Bradshaw were elected to two-year terms.

The Escanaba Lions Club Tuesday began its 1968 Sight and Blind Fund campaign in advance of Radio Day scheduled May 7 on WDBC. Club members will visit area businessmen, seeking financial support for the Sight and Blind fund which is used in sight-saving activities in the community.

Legion Auxiliary Plans Party At Iron Mountain

Trouble On Campus

The same day which saw announcement that Delta County had voted 1.5 mills to increase financing of Bay de Noc Community College saw the student body, or a part of it, parade in the streets of Escanaba to protest the college administration's recommendation to discontinue the employment of a faculty member next year.

To protest nonoffer of a new contract, three members of the faculty tendered their resignations. The student body also got into the act, resolving that Faculty Member Kenneth Sanderson's contract had been violated. The college's book of rules on procedures was violated, said both faculty members and students.

The administration headed by President Richard Rinehart said that Sanderson was being let out because he hadn't shown a "sufficient degree of faith and trust" in the college administration.

The college board of trustees will hear the case and judge it.

Coming so soon after the McClellan case at Northern Michigan University in Marquette, where the faculty is now suing the college board of control for letting a faculty member go, the case introduces faculty-student body dissension forcefully at Delta County's new (5-year-old) college.

While not welcome, the trouble is probably inevitable and can, if carefully handled help clear the air and give the college a basis of operation which may make similar cases less likely.

The Delta College District, observing a trouble of this kind for the first time, should be slow to judge it, because it is not a simple thing of the truth being all on one side or the other. Nor is there any reason to think that the squabble is not a sign of health in the college, nor that it will be the last one in the college's history.

The almost indefinable atmosphere called "academic freedom" has a role in the controversy. Some members of the public may be annoyed by the zealousness with which some faculty members guard "academic freedom" and how they seem to stretch it at times to cover situations which may seem a little far out, but the faculty is the most precious element in any institution of higher education and a faculty with no concern for its freedom won't be worth much.

The defense of academic freedom arouses strong feelings. We have seen the resignations of at least three members of the faculty.

The college administration has some strong feelings, too. It doesn't let faculty members go on whim, because its relationship with the faculty is its most delicate relationship and if it is not healthy there isn't much hope for wholesome college growth. College teachers are free souls and they don't rush to colleges with a professional stigma of discrimination or lack of academic freedom.

The task of the board of trustees will be to judge the issue and back its administration or make it change its decision. It will be impressed, because of its orientation, with the difficulties of running a college and satisfying the faculty, the student body, the public, the taxpayers, the State Dept. of Public Education, the State Board For Public Community Colleges, and other organizations.

The board will consider that the administration must have the capacity to administer and that it cannot surrender this function to the faculty nor to the student body. The administration must somehow retain the loyalty and support of these groups, however, while opposing their will at times.

In the case at hand his defenders say that Ken Sanderson can't be sacked for any other reason than lack of professional ability in teaching, which is in question by no one. This seems to us too narrow a judgment on the total fitness of a faculty member. One might, for example, be a better teacher than Aristotle and yet so disruptive that he gave the community hives. It should be possible in such a situation to make some changes without a campus rebellion, and, hopefully, without having academic freedom invoked by the faculty.

How Bay College handles the case is important to its future and to our hopes for a quality community college.

Letters To The Press

ETHICS

Another crisis in ethics last week cast yet another long shadow across the Congress. On Tuesday, my office was contacted by the Washington representative of an organization that has a major interest in postal rates legislation. Most of this legislation is drawn up in the Post Office Committee.

We were told by my contact that he and other lobbyists with an interest in postal legislation were "invited to a \$50 per person cocktail party at the plush Georgetown Club in Washington. The \$50 was to be a campaign 'contribution' to Gary Frink who plans to run for Congress against Rep. Jack McDonald of Detroit. Mr. Frink was a key employee of the Post Office Committee in the House of Representatives and the checks were to be mailed right to the Committee.

The lobbyist who contacted me felt this was an outrageous abuse by an employee of the taxpayers, I agreed. The implications that lobbyists who attended the party might expect better treatment when it comes to postal rates legislation was unspoken but quite obvious. I took the matter up with some of the senior Republican members of the Post Office Committee. A little research revealed that Mr. Frink made over 30 telephone calls, at taxpayers' expense, to the Detroit suburbs represented by Congressman McDonald.

Rep. Joe Pool of Texas, who appointed Mr. Frink to the Committee, said his subcommittee staff had no business calling Michigan. "I don't understand it," he said. Mr. Frink, who was once administrative assistant to former Congressman Wes Vivian of Ann Arbor, raised several thousand

dollars at his party, and resigned his \$21,000 a year Federal job because he didn't "want to embarrass the Committee." He said he will turn the money back if he doesn't run for Congress.

The Frink case is exactly why we must have a permanent Committee on Standards of Official Conduct for Congressmen and staffs.

Senate Committee Probes Strike

Free Press Tells Why It Closed With News

The publisher of the strike-bound Detroit Free Press testified that both Detroit and its newspapers "are the unfortunate victims of whipsaw strike tactics that cannot succeed and cannot be justified."

Publisher Lee Hills appeared before a Michigan Senate committee investigating the strike which has closed both the morning Free Press and afternoon Detroit News for more than 130 days. The five-man committee is headed by Republican Robert Huber of Oakland County.

Hills labeled the whipsaw strike tactic an example of a "deterioration in collective bargaining" which has forced Detroit newspapers into defensive lockouts and purchase of strike insurance.

He declared that both independently-owned newspapers were determined to prevent whipsaw strikes from "ruthlessly destroying the Detroit newspaper industry" as they have in other cities.

In his testimony, Hills made the first public explanation of the reasons behind the publishers' determination to resist strikes against first one paper, then the other.

He said that the Free Press could have continued publishing when the News was first struck by the Teamsters last Nov. 16, adding, however, that "had we done so, we would have conceded that any one of the 14 unions we bargain with could arbitrarily decide which newspaper would publish and which would not."

In that case, Hills told the committee, "as a reader, you would have no choice of which paper to buy — there would be only one. As an advertiser, you would be forced to advertise in the paper the unions picked for you."

"The situation, gentlemen, would be this: The newspaper which the unions allowed to publish would prosper at the expense of the newspaper which the unions closed — the competitive advantage would obviously be enormous. The struck newspaper would be forced to agree to whatever the unions demanded or not publish at all."

Then, Hills said, "The moment that the struck newspaper agreed to these demands, the unions could walk down the street to the other newspaper and raise the ante. So it would go, back and forth, with any one of 14 unions capable of closing either paper at the union's whim. That is not collective bargaining and it is certainly not justice, either economic or moral."

Hills emphasized that the federal courts and the National Labor Relations Board have ruled repeatedly that such a shutdown or lockout is just as right, legal and necessary under the circumstances as is the right of a union to strike.

Hills pointed out the particular vulnerability of newspapers to strike interruption, saying, "you can't stockpile news. You can't build up back demands and orders like you can with automobiles. Every day you don't print is down the drain, yet your overhead goes on."

For this reason, he said, the newspapers have been forced to buy suspension insurance. And he attacked "the vague accusations that the newspapers somehow like a strike for financial

reasons. That's obviously not the freedom guaranteed to the auto companies in these contracts — the freedom to take advantage of new processes and thereby greatly increase the productivity of each employee."

On the other hand, Hills said, many newspapers are "shackled by artificial restrictions that make it impossible for us to make the best use of the great improvements in technology which are now available as to both newspapers. Insurance has never been an incentive for the newspapers to hold out for a better settlement."

Hills said that the newspapers' insurance "is like the defense funds—or strike insurance funds if you will — which most unions build up to pay benefits to members when they hit the bricks. We do not criticize unions for building up these funds and certainly some of our unions understand why we must do the same."

Hills told the committee that union bargaining committees like prizes that create the jobs. This to point to contract settlements in the auto industry. "But," he said, "they do not talk about fort."

Lent is for Convicts and Christians.

By DAVID POLING

The story of our society may be told on not what Christians be told in church but what they accomplished in prison. For the penitentiary, reform school and county jail are in gasping need for all that Christians can provide.

Here are the lonely, the addicted to drugs and alcohol and sexual perversions. In prison you find those who have fallen a long way. The trail is strewn with smashed jobs, broken marriages, lying and thieving, hating and hurting. And they are just the men and women that were the special intense concern of God's son.

If Lent reminds us of anything, it is that Jesus was also

in prison. Behind bars. Unfairly treated. He shared the fate of every convict that ever has been sentenced. His followers, in honoring Him, should be as frequent in their visits to the cell block as they are to the cathedral. Jesus said, "I was in prison and you came to me."

Think of it. There are 250,000 people in prison, needing guidance, jobs, counseling and friendship. In New Jersey alone, half of the men in prison are under 21. Who will help them return?

Lent is a time to be haunted by the demands of the gospel as much as we are helped by its power.

If you think our bidding department has suddenly gone crazy, the answer is that North's four — club bid and South's four — diamond reply show the Gerber convention in operation.

In the Gerber convention, four clubs asks for aces in the same general manner that Blackwood does. It is used by many players in direct response to a no-trump opening so that four no-trump may be used as a nonforcing slam invitation.

South's four — diamond call showed no aces or four aces, and it wasn't any bother for North to tell which it was. North could now count 12 tricks. He could have bid five clubs to ask for kings, but there was no reason to do so. They were playing standard no-trump openings and, since that limited South to an absolute maximum of 18 high-card points, he could not have four aces plus a king. Therefore, North settled for six no-trump and sat back happily to watch his partner play the piano.

South was an expert in a hurry. He counted quickly to 12 and might well have just spread his hand and claimed six but, hurry or no hurry, South was an expert and all experts bear in mind that a no-trump overtrick is 30 points and that those 30 points add up if you get them continually.

Therefore, South did show his hand but he announced, "Seven if the squeeze develops; otherwise I'll just take six."

West was also an expert in a hurry. He looked at South's hand and said, "Seven."

If you don't see how South makes seven, you should be able to see it. It is an automatic squeeze that South must fall into if he runs off his club and diamond tricks. South will come down to ace-jack of hearts while North will hold the jack of spades and five of hearts and West won't be able to protect both suits. Of course, West could have opened the king of hearts and broken this squeeze, but West wasn't clairvoyant.

Q—The bidding has been:

West	North	East	South
1♥	Pass	3♥	4♥
4♥	Double	Pass	?

You, South, hold:

♠ 6 ♣ A K Q 6 5 4 ♣ K Q J 10 7 6

What do you do now?

A—Bid five clubs. You expect to make this and are sure that your partner won't hurt four hearts if he can beat it at all.

Ann Landers

Don't Fault Friend; Freddy Was Ready

Dear Ann Landers: I'm fed up with listening to people knock "the lousy Post Office." It's time people realized that a great deal of the slow service and inefficiency is caused by their own stupidity or carelessness. If these complainers could peek into the back rooms and see to what unbelievable lengths postal employees go to salvage items that belong in the garbage, they would be ashamed.

I work in the San Francisco Post Office and not a day passes that I don't see envelopes with handwriting which is 100 per cent illegible, letters with no addresses, envelopes with no contents, contents with no envelopes, letters with the right city and the wrong state or the right state and the wrong city — such as Sioux Falls, Iowa, or Sioux City, South Dakota.

Of course there is some inefficiency in the Post Office. We have employees who are incompetent, lazy and careless. But so does General Motors and General Electric and General Foods because that's the way some people are. If the public wants better postal service, they can improve it by using their heads. Thanks for letting me have my say. I feel better already. — ANONYMOUS

Dear Ann Landers: I am going with a very attractive girl. She has a lot on the ball but has changed jobs five times in the past year, which has made me wonder about her stability. After three months of steady dating I have decided she is a wonderful person, but slightly alcoholic. Do you think marriage would help her?—DANNY BOY

Dear Boy: There is no such thing as "slightly alcoholic" — it's like being "slightly pregnant." Don't count on marriage to help her. A girl who won't stay off the sauce for her sweetheart is less likely to do so for her husband. Suggest A.A.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35 cents in coin and a long, self-addressed, stamped envelope. Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope. © Publishers-Hall Syndicate

Dear Ann Landers: You're telling ME about the things people put in the mail? I have received letters written on paper bags, toilet tissue, garbage liners, paper towels . . . just name it and I've seen it.

Thanks for your letter, friend. I hope it does some good.

Dear Ann Landers: I am a college student with a million pressures. I feel as if the world is closing in on me. Please help me hang on to my sanity.

I was going steady with Freddy and we were very much in love — or at least I was. When we decided to go to different colleges we agreed to call off the steady arrangement and date others. It was to be a "testing period."

My closest girl friend seized our experiment as an opportunity to make a play for Freddy. I am sorry to say she succeeded. I still value her friendship but my faith in her is shattered. At present I feel betrayed, rejected, depressed and friendless. I still find it hard to believe she would do such a rotten thing to me.

Vietnam's Yank Criticism Grows

SAIGON (AP) — South Vietnam's press, closely censored and guided by the Saigon government, is showing up these days with more articles critical of America and Americans.

Some anti-American sentiment long has been expressed here. With the escalation of the war and the introduction of more than half a million American military personnel, it is probably not surprising that this should increase. But such expressions now are being brought more into the public record.

Part of the campaign appears to stem from the Communist-directed lunar new year offensive.

Ports Prepare For Coho Rush

GRAND RAPIDS (AP) — Towns and villages along the shores of Lake Michigan are braced for a tidal wave of business as eager Michigan anglers head out in quest of the Coho salmon, the exciting new game fish that lured thousands to Lake Michigan a year ago.

The spread of the Coho to waters as far south as the Indiana shore has caused resort owners and other beneficiaries of the tourist trade to expand or refurbish their establishments.

The Conservation Department checked the Coho situation and came up with a report that should further ignite Michigan's piscatorial pursuits: The Coho are numerous and in good fighting sizes.

Stan Lievens of the department reported large numbers of Cohos are in virtually every stream from New Buffalo and the Benton Harbor area north to South Haven.

AIRMAN Apprentice Russell Simmons Jr. graduated March 8 from boot training at Great Lakes Naval Station, Ill. He flew to Detroit to join his mother, sisters and brother before returning with them to Bark River. The 1967 graduate of Holy Name High School left Wednesday for Naval Air Technical Training School in Memphis, Tenn., for a six week course, then he will go to Norfolk, Va., where he will board the new carrier John F. Kennedy which will be commissioned in late September. After a six week trial the carrier will make a six month cruise around the world.

Daley Is Mum On Candidate Choice

CHICAGO (AP) — Mayor Richard J. Daley indicated Tuesday his choice for the Democratic presidential nomination may not be known for some time.

He told a news conference a decision will not be made until he has a chance to discuss the selection with members of the Illinois delegation to the party's national convention in August. Generally, he recalled, the decision is made at a caucus before the nominating sessions begin. Illinois delegates will be elected in the June 11 primary.

Strike Action Argued:

Unioneer Says Paper Bosses Dodge Talks

LANSING (AP) — A union spokesman told a special Senate committee investigating the 140-day Detroit newspaper strike that it should "expose the publishers' for failure to negotiate."

In a nearly four-hour hearing Tuesday night, labor group representatives disagreed, however, over what action should be recommended by the committee.

The five-man committee, chaired by Sen. Robert Huber, R-Birmingham, was named after a Teamsters Union strike idled the Detroit News and Free Press in mid-November.

The Teamsters since have settled their dispute, but four other unions have struck the papers over expired contracts. Detroit Mayor Jerome P. Cavanagh last week brought a noted mediator, University of Wisconsin Professor Nathan Feinsinger, into the dispute.

"Get the publishers to negotiate," said Howard L. Copeland, business representative for the International Association of Machinists Lodge 60, which is not striking.

The 40 IAM workers at the News and Free Press have been "cooling our heels for three months" without a contract and without negotiations for one, he said.

"I think the committee should urge the publishers to negotiate," he said, "expose the publishers. It seems they're trying to champion a cause without trying to settle the dispute."

The 35 truck mechanics at both papers have been without a contract since early this year, said Arthur L. Mousseau, business representative for Mechanics' Motor City Lodge 698, IAM. The union is not striking.

"The publishers have not responded to our call for negotiations," he said. "If they don't

want to set on one side of the table we can't sit on the other."

Big Unions First
Mousseau said he understood it was the publishers' policy to bargain with the larger unions first.

Nate Banks, president of Detroit Mailers Union Local 4, another nonstriking union, said he believed the senators should not call for factfinders or get more involved in the dispute.

There will be more problems if everyone "sticks his nose in it," Banks said.

Let the sides "settle it in the alley" if necessary, he said, but "instead of searching for a Feinsinger in Wisconsin, say 'you people eventually will have to settle this for yourselves.'"

Also testifying was Harold Rosemont, director of the Unemployment Insurance Division of the Michigan Employment Security Commission.

Free Press employees, locked out by an interpaper agreement which found their employer shutting down with the struck News, are not under law entitled to unemployment benefits, he said.

The Michigan Employment Security Act disqualifies from benefits all those involved in labor disputes, he said, adding that "the strike is just one type of industrial warfare."

"The employees' tactic is the strike," he said. "The employers' tactic is the lockout."

Defense Priority On Copper Cut

WASHINGTON (AP) — The Commerce Department has dropped to 40 per cent the amount of refined copper producers must reserve for defense use during May.

The move follows settlement of a strike in the copper industry which began last July. Major producers were earlier ordered to reserve half their production for defense use on shipments during April.

The department notified all producers of refined copper to reserve 40 per cent of their production for orders received to April 15 for delivery in May. The set-aside applies only to copper refined from domestic ore.

City Valuation To Gain Million

The tax base in the City of Gladstone will increase about \$1 million this year because of new construction, adjustments on property valuations and changes in personal property, according to an unofficial estimate by City Assessor John R. Olson.

The increase will lift Gladstone's equalized valuation from the \$8,435,000 of 1967 to

about \$9,400,000 this year. Exact figures will be determined by the County Board of Supervisors next week when it considers equalization for Delta County.

Olson said the adjustments in property valuations were made "to comply with what State Tax Commission sales studies showed."

He said that about 85 to 90 per cent of residential property in Gladstone was reappraised, beginning last summer, basically for the purpose of bringing valuations in line with the 50 per cent of market value directive of the state.

The net affect, Olson said, was an overall 21 per cent increase in residential valuation.

The increase, however, was not across the entire community, he emphasized. Some properties were boosted substantially, others only a little and still others remained the same.

Olson reported that about 1,100 parcels, located from Delta Ave. south to the lake, were worked in the reappraisal. In line with the new assessments, a larger number of property owners turned out at the recent Board of Review session. Olson said, however, that most of the residents didn't come to protest any changes in valuation, but instead wanted information about the reasons.

The City Commission sits at the Board of Review in Gladstone.

Rev. Philip Lyon Is LCW Speaker

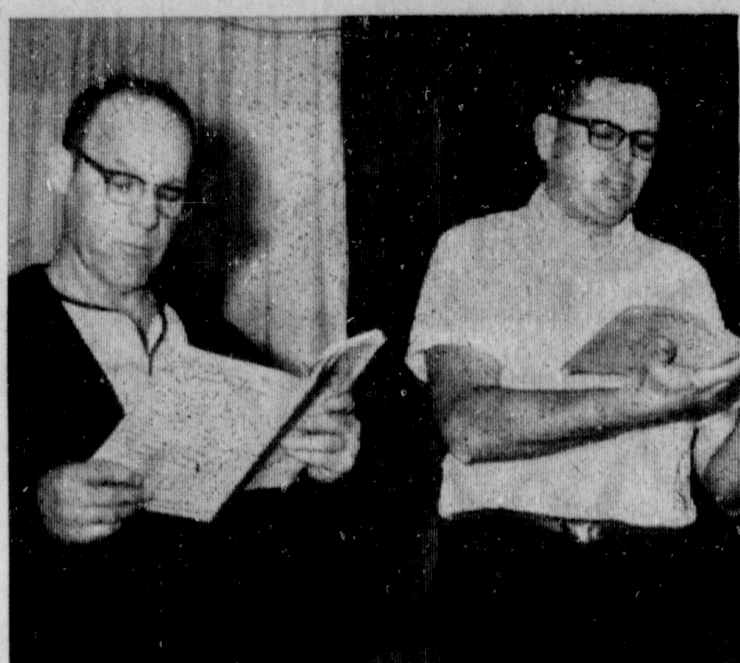

The LCW of First Lutheran Church will have the Rev. Philip Lyon, pastor of First Presbyterian Church, as their speaker at their regular meeting Thursday at 8 p.m. at the church.

The Rev. Mr. Lyon will speak on "Unrestricted Vision", using a text from 2nd Corinthians in correlation with the Civil Rights Movement and other Negro related matters applicable to the Upper Peninsula as well as elsewhere.

The program will include a duet by Mrs. Donald Hirm and Cathy Hirm. Officers will be elected during the business meeting.

Hostesses for the evening are Mrs. Walter Boucher, Mrs. Allen Erickson and Mrs. Floyd Dausey. All members and friends are invited to attend.

GLADSTONE

AMONG THE SOLOISTS appearing in the sacred cantata, "The Crucifixion," by John Stainer, to be presented by the combined choirs of Gladstone Churches at Memorial Methodist Church Sunday at 8 p.m. are Robert Schrader, right, of Escanaba, and Donald Hirm. Rehearsals are being held at Memorial Methodist Church under the direction of Paul Cowen, director of music at Gladstone High School and choir director for Memorial Methodist Church. Mrs. Wallace Cameron will accompany the group on the organ with Mrs. Clifford Goodman at the piano. (Daily Press Photo)

Library Shows Reference Gain

The Library report submitted to the Gladstone Board of Education by Mrs. Doreen Anderson, librarian, shows a total of 17,107 books, 2,210 of which have been added to the collection since September.

Special reference books, obtained through gifts from the Mid - Peninsula Library Federation in the amount of \$232 are included in the additions acquired in March. Other reference books purchased with funds from Federal Grant money applied for through the State Department of Education include a Guide to Historical Literature, A dictionary of the Social Sciences, The Concise Encyclopedia of Western Philosophy and Philosophies, Dictionary of Education, Space Age Dictionary, Dictionary of American Slang and many others.

Mrs. Anderson reported \$3 had been budgeted per child in the school book budget which totaled \$3,006 expended as of April 1. The James T. Jones School received \$1,137, the Buckeye School, \$223, and the high school, \$1,646.

Very satisfactory comments on the Library were received from participants and chaplains in the Forensics contest held recently in Gladstone according to Mrs. Anderson.

Dartball

In second round play last Wednesday Mush's won over Wally's and Idle Time beat Woody's. It was Eddy's over HiWay and Arcadia over Swallow Inn.

In the semifinals tonight it is Mush's vs. Idle Time at Idle Time and Eddy's vs. Arcadia at Wally's. The winners will meet at the Swallow Inn on the 10th of April and the losers play for consolation prize on the same night at the HiWay.

The annual dartball banquet will be held at the Gladstone Legion Club on Saturday, April 20.

Board Reviews State Aid Bill

If the state aid bill recently approved by the Michigan House of Representatives passes the State Senate, the Gladstone school district would receive almost \$40 more per child, Supt. of School Wallace Cameron told the Board of Education Monday.

Based on the anticipated enrollment for the 1968-69 school year of 1,417, this would mean about \$55,000 in additional revenue for the district.

The enrollment projections show an increase of 18 students over the current enrollment.

The Board also heard reports on summer renovation proposals which will include redecoration of the study hall, addition of a light strip in the Biology Lab, redecoration of the old home economics room with possible change of seating for use as a study hall and decorating the physics and chemistry labs.

Through funds received from the Title V of the Elementary-Second Education Act in the amount of \$1,200, band instruments and uniforms have been purchased. Under Title III, repairs are being made to the Physics and Chemistry labs.

A report on the proposed budget for the Allocation Board was presented by Grant Hess, William Swenson and Robert Hupp.

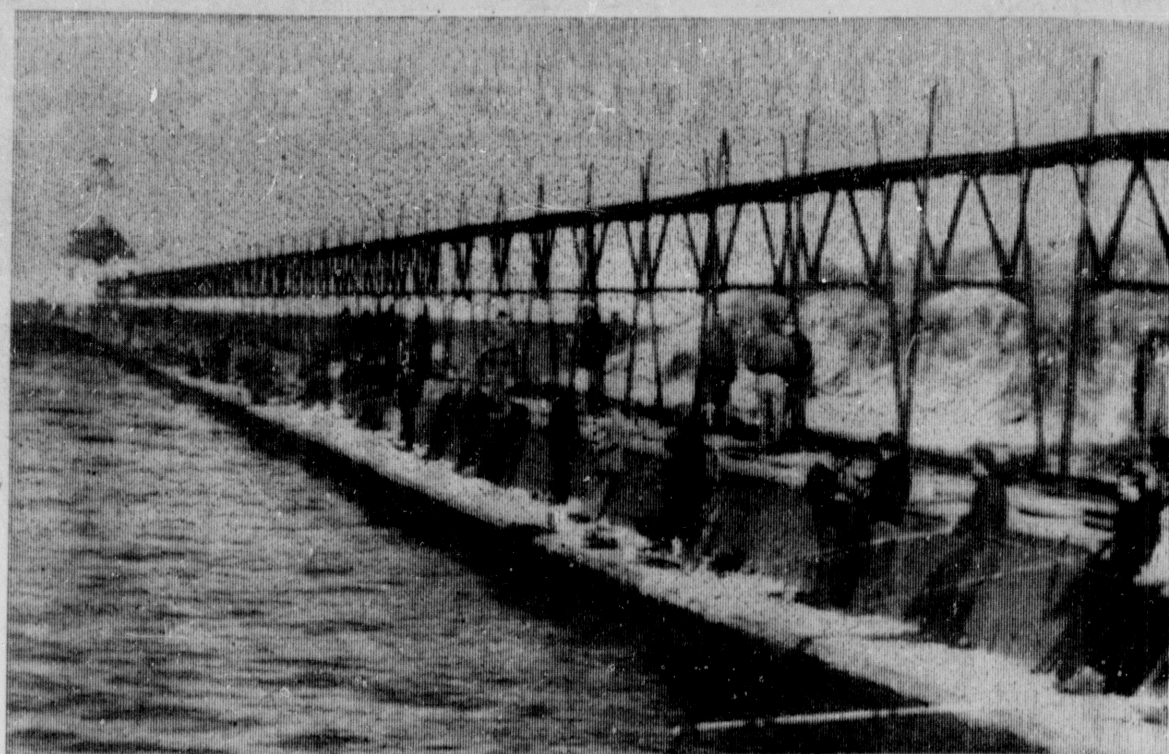

The board approved the appointment of Mrs. Al Ellison to take the school census in May.

the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it.

If you can't count one, two, three, four, five,
six, seven ribs, you're missing select meat.

You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example
of the full value A&P meats offer.

We think that caring like this about fair portions
has helped make A&P America's largest meat retailer.

When you think about it, shouldn't A&P be your store?

Restrictions On Car Use Coming

By JACK MILLER

WASHINGTON (AP) — Federal officials are saying privately they believe the nation's largest cities soon will have to place harsh restrictions on when and where people can drive.

Some officials suggest that entire sections of central cities will have to be placed off limits to motor vehicles. The reason: traffic congestion is threatening to choke the remaining life out of the already sick cities.

Secretary of Transportation Alan S. Boyd put it this way in an interview:

"There isn't enough money in the United States (to build a street and highway system) to allow everybody to go everywhere they want to at any time of the day" in and around the big urban areas.

Secretary Robert C. Weaver of the Department of Housing and Urban Development—HUD—points out, however, that to question the freedom of every American to drive anywhere he wants "is politically dangerous, since each car owner—and they are legion—has already decided the answer."

Issue Urgent
But many officials questioned in a series of interviews said they believe the issue will have to be faced. And soon.

For despite new efforts by government and industry, they say, the gloomy prognosis is this: urban traffic congestion will get even worse for at least the next several years.

The government, which helped bring the country to its present heavy reliance on automobiles through the federal aid highway program, now is trying to reverse the trend. It has been pouring money into existing transit systems to improve and modernize them. And it has begun cranking up a research pro-

gram to find new ways of moving people and goods around urban areas.

Public Transportation
The aim is to develop and revive public transportation—mainly buses and trains—as a greater alternative to travel by car.

Boyd, whose agency is the first ever to be given over-all responsibility for the transportation needs of the country, has suggested a number of changes the cities might make to relieve the horrors of congestion. One is that each city or urban area regulate that parking rates be set to go up rather than down for each additional hour.

Boyd stresses that his department has no intention of dictating solutions. For the next few years, he says, "We'll be trying to find out what kind of a system of transportation people want."

But much of the hope for relieving urban congestion has come to rest with alternatives to the motorcar. Of those that are known, the most discussed is rail rapid transit: subway, elevated or ground-level.

Bus Experiment
Most promising of the here-and-now idea is making better use of the ordinary bus. Researchers are trying to find ways of making the bus quieter, smoother, more attractive and more comfortable.

The biggest problem, officials say, is getting people to leave their cars for a bus.

In the one controlled new bus experiment to date, commuters in Peoria, Ill., took well to the idea. But they had to be lured aboard the buses with such services as front-door pickup, hot coffee served by attractive hostesses, monthly passes (\$6 to \$10) home billing, guaranteed seating, paid taxicab service in case of a bus breakdown.

Rock

Coffee Hour

The Ladies Coffee and Conversational Hour will be held at the Rock Chapel on Thursday, April 4 at 9:45 a.m. Studies will be on, "Miracles of Christ. All interested persons are welcome. Anyone needing transportation may call Mrs. John Small or Mrs. Jack Berg.

ST. ANNE'S SCHOOL will hold its first Science Fair for the public at the school from 2 to 4 p. m. Saturday, April 6, and from 8 a. m. to 4 p. m. on Sunday, April 7. Displaying their projects for the fair are, from left, Daniel Leveille, Grade 1, Ann Marie Johnson, Grade 2, and Becky Blau, Grade 3. Judges will be Sister Aquinas, science consultant and diocesan supervisor of Green Bay and Dale McNamee and Ronald Goetz of the Escanaba Area Public Schools' Science Department. (Daily Press Photo)

Expects LBJ To Be Neutral

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield said Tuesday he does not expect President Johnson to take sides in the contest for the Democratic nomination for president.

"I think he will keep hands off and let the Democratic convention decide," Mansfield told newsmen shortly after a White House meeting with Johnson, Vice President Hubert H. Humphrey and other Democratic congressional leaders.

"Whoever the Democratic convention selects will have his support," Mansfield said of Johnson.

Mansfield told newsmen he was giving them his impressions of the White House session and did not specify what gave him the view Johnson would remain neutral in the pre-convention skirmishing.

Foster To Head Highway Safety

LANSING (AP) — The State Highway Department has announced the promotion of Arthur Foster of Lansing to highway safety supervisor, succeeding Edward Suino of Lansing, retired. Foster previously was safety supervisor and civil defense coordinator in the safety section. Gordon Fellows of Lansing has named assistant to the chief of the department's bureau of engineering. He succeeded Sam Cryderman of Okemos, recently named an assistant planning engineer.

Flat-Proof Tire Is Unveiled By Dow Corning

NEW YORK (AP) — An airless tire that keeps on rolling along even after being blasted by rifle and shotgun fire, according to Dow Corning Corp., was among several new products announced by the company Tuesday to mark its 25th anniversary.

The other developments included a synthetic finger joint and a silicone finish which gives pots and pans nonstick properties.

Dr. W.C. Goggin, company president, said the flat-proof tire used a rubber foam filling to completely replace the air in a conventional tire casing.

Goggin said the resilient foam used in the tires currently was in the advanced development stage at the company's Midland, Mich., headquarters and that the tires were ready for testing on military, industrial and emergency vehicles.

Donald M. Bartos, materials development engineer, said the tires weren't ready for commercial use on passenger cars because "foam-filled tires do not yet possess 100 mile an hour capabilities. At such speeds, heat buildup becomes excessive and tires may blister and thump."

Joins Nixon Team

LANSING (AP) — Gordon Vander Till, 29, of Grand Rapids, currently a Senate aide under a fellowship program, has been named executive assistant in the office of the Michigan Nixon-For-President Committee.

Adam Powell Is Hospitalized

DURHAM, N.C. (AP) — Former Harlem Congressman Adam Clayton Powell remained in Duke University Hospital Tuesday suffering from what a physician said was exhaustion.

The physician, Dr. Henry D. McIntosh, chief of cardiology at Duke, said Powell will be held in the hospital for observation for several days.

Powell was admitted to the medical center Monday night about 30 minutes after he was to have made his second speech of the day on the Duke campus.

Dr. McIntosh said today that two electrocardiograms taken Monday night and another this morning "are within normal limits and no irregularity of the heart has been observed since he came under observation of the Duke Medical Center."

He said the 60-year-old Powell "is experiencing symptoms of exhaustion, precipitated by his very busy schedule of recent weeks." He said Powell is "resting comfortably."

Dairy Expert Dies

GRAND RAPIDS (AP) — Peter Buth, well known dairy expert in the Grand Rapids area, died Tuesday at a Grand Rapids rest home. He was 88. Buth began a dairy farm with his brothers in 1918 and was considered a pioneer breeder of Holstein cattle in Western Michigan.

Car Buying Hikes Consumer Credit

WASHINGTON (AP) — Consumer credit on the installment plan jumped by \$566 million in February, the largest increase in 18 months, the Federal Reserve Board reported Tuesday.

The increase came in figures which are adjusted for seasonal factors. Installment and other consumer credit actually outstanding declined during the month.

In its monthly report, the board said consumer credits actually outstanding at the end of February totaled \$97.67 billion and included \$77.33 billion in installment credit.

The board said all major types of debt were up on a seasonally adjusted basis with automobiles and personal loans accounting for more than two-thirds of the change from January.

New credit for auto buying showed the largest gain since the model year began, the board said.

For the second straight month, the board added, repayments on installment buying appeared to be leveling off after accelerating most of last year.

Noninstallment credit rose by \$215 million on a seasonally adjusted basis during February with charge accounts accounting for more than half the advance, the board added.

Consumer credit consists of amounts owed by individuals to financial institutions, retailers and other distributors to finance consumer spending. It excludes real estate mortgages and insurance policy loans.

The board provides seasonally adjusted figures only for month to month changes in outstanding credit but does not adjust the amount of credit actually owed at the end of any given month.

Both types of credit increased on paper during February only because of the seasonal adjustment.

Guides For Planes

LANSING (AP) — Motorists can ignore huge yellow crosses they will see painted on or near eight Lower Michigan state highways this spring—they are guidelines for airplanes.

Canada Reduces Car Trade Deficit

OTTAWA (AP) — Canada's worldwide trade deficit in motor vehicles and parts narrowed to \$443,725,000 in 1967 from \$587,060,000 in 1966, according to the Bureau of Statistics.

The narrowing of the deficit reflected the continued effects of the United States-Canada agreement for limited free trade in vehicles and parts between the two countries. Also, there were many auto workers' strikes in both countries in 1967.

Canada and the U. S. are reviewing the three-year-old pact. Some U. S. congressmen have voiced concern that the agreement is too favorable to Canadian auto makers.

NOTICE OF REGISTRATION OF THE QUALIFIED ELECTORS OF ESCANABA AREA PUBLIC SCHOOLS

Residing within the Townships of Wells, Cornell, and Ford River of Delta County and within the Township of Wells, Marquette County, Michigan.

To:

THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Please take notice that the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold a SPECIAL SCHOOL ELECTION in said School District on Monday, May 6, 1968.

Section 532 of the School Code of 1955 provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides . . ."

The last day on which persons may register with the appropriate township clerk in order to be eligible to vote at the Special School Election to be held on Monday, May 6, 1968, is Friday, April 5, 1968. Persons registering with the respective township clerks after 8:00 P. M. Central Standard Time, on said Friday, April 5, 1968, are not eligible to vote in said Special School Election.

Under the provisions of the School Code of 1955, registrations will not be taken by school officials, and only persons who have registered as general electors with the township clerk of the township in which they reside are registered school electors. Persons planning to register with the respective township clerks must ascertain the days and hours on which the clerks' offices are open for registration.

This notice is given by order of the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan.

Legal Round In Ore Haul Controversy

Hanna Asks ICC Drop C & NW Plea

Hanna Mining Co. of Cleveland has filed an answer with the Interstate Commerce Commission in Washington stating that the Chicago & North Western Railway has failed to make a case in its complaint to ICC about Hanna ore haul plans and asking dismissal of the North Western complaint.

The North Western on March 4 asked the ICC to order Hanna to divest itself of ownership of the Escanaba & Lake Superior Railroad which the North Western fears the mining company will use to haul iron ore pellets from its big Groverland Mine in Dickinson County to the Port of Escanaba, causing the North Western to lose half the volume of its local ore shipment.

Hanna's answer filed April 1, states that its mining and selling of iron ore and iron ore pellets is not subject to the jurisdiction of the ICC.

Antitrust Charge

The North Western and its ore pool partner, the Milwaukee Road, "in conceiving, formulating and filing this complaint, including the ultimate objective, constitute a contract or combination in restraint of trade or commerce proscribed by the Sherman Antitrust Act," the Hanna answer states.

"Such acts in concert of the complainants further constitute an attempt to monopolize for the present and the future the transportation of iron ore and iron ore pellets, moving from the Upper Peninsula of Michigan via the Port of Escanaba, or other Lake Michigan ports in violation of the Sherman Antitrust Act."

Allege Fishing Expedition

The Hanna reply was tantamount to the North Western's complaint of the conduct of "Hanna Mining Co. directly and through the device of numerous affiliated and subsidiary corporations in unlawfully acquiring control and management in a common interest of two or more carriers subject to the jurisdiction of the commission in violation of the Interstate Commerce Act and the Clayton Act."

Hanna states that the North Western "seeks to engage in an unjustified, arbitrary and unwarranted fishing expedition into the private and confidential records of Hanna, a company which is neither within the jurisdiction of this commission nor subject in any respect to the regulatory power of this commission."

In a motion to dismiss the complaint of the North Western filed with the ICC, Donelan, Cleary & Caldwell, Washington counsel for Hanna and the other firms complained about by the North Western, state:

"The allegations of the 'complaint' fail to establish a sound basis for exercise of jurisdiction by the Interstate Commerce Commission. The entire 'complaint' is permeated with an apparent disregard of the proper limits of the commission's jurisdictional authority. Viewed overall, the 'complaint' is totally spurious and in the nature of 'harassment' litigation and should be summarily dismissed.

"Section 5 of the Interstate Commerce Act requiring commission authorization for 'control' by a non-carrier of two or more 'carriers' is not operative unless there are subject to the alleged control two or more carriers regulated under the act, 'control' of one regulated common carrier railroad by a person not a common carrier by railroad does not require commission authorization.

Two Carriers Rule

"The complaint refers to only one regulated common carrier, the E&LS, which is subject to the jurisdiction of this commission and alleged to be 'controlled.' The complaint is legally insufficient in that it fails to allege that the Quebec, North Shore & Labrador Railway Co. is a carrier by railroad subject to the jurisdiction of the commission. The QNS&L is an exclusively Canadian rail carrier not subject to the jurisdiction of this commission."

Similarly Hanna states that the Ohio & Western Pennsylvania Dock Co., the Pennsylvania Tidewater Dock Co. and Lower Lake Dock Co. are not established as subject to the jurisdiction of the commission, although named in the North Western complaint.

Reported Negotiating

The North Western and Hanna have been reported negotiating for a possible agreement under which the North Western-Milwaukee pool would continue to handle the pelletized ore from the Groverland Mine and Hanna Mining Co. would not implement plans to build a rail line from the mine to the E&LS, which it bought in 1962 through a wholly-owned subsidiary, Wells Randville, Ind.

The E&LS has a terminal here on Little Bay de Noc, an arm of Lake Michigan, and Hanna has obtained an option on an ore dock site here, near-by the site of the North Western's big new \$16 million Escanaba Ore Terminal, which the City of Escanaba is financing through tax free industrial revenue bonding, and which is projected for readiness for ore shipping in the spring of 1969. It would replace the North Western's present ore dock.

Stocks Climb In Early Trade

NEW YORK (AP)—The stock market surged higher on the heaviest first-hour trading in history as word came early today that North Vietnam said in a broadcast it was ready to send representatives to meet with U.S. officials.

First-hour volume was 6.32 million shares, topping the previous record of 6.06 million made Monday on word that President Johnson had ordered a bombing halt.

The ticker tape was 30 minutes late as buyers rushed pell-mell to get aboard the market bandwagon.

The Dow Jones Industrial Average at the end of the first hour was up 9.48 at 873.44, but an official calculation a few minutes later put the gain at 12.60.

Gains outnumbered losses by four or five to one, and prices were changing swiftly. The biggest gains were made in the high-flying glamour stocks.

Advances of about 10 points were made by IBM and Burroughs, 9 by Honeywell, 6 by Polaroid and 5 by Teletype.

General Motors rose more than 4, an outsize gain for this heavy blue chip.

Saigon Corruption Fight Leaders Caught In Fraud

SAIGON (AP)—A youth group whose 32,000 members are supposed to expose fraud and corruption is having trouble. Its top leaders have been arrested for fraud and corruption.

Divert Funds

There are other charges against the youth group.

Early in January the Ministry of Youth was ordered by some unidentified official high in the government to pay Anticorruption Youth 6 million piasters for a one-month campaign to clear garbage from Saigon's streets.

The youth minister and officials of Anticorruption Youth say the organization received only a little over a million piasters, or about \$8,500. But informed sources say the group spent less than 200,000 piasters for a few days' cleanup.

Do Dien Nhi, the new head of the youth organization, says 1,000 members worked for three weeks cleaning the streets. He estimates that only 100,000 piasters were illegally diverted.

Ky Angered

Early last year Ky gave 100 eight-passenger buses to the group. It was to rent the buses to drivers and turn the money over to the Vinaco Co., importers of the buses, as payment for them.

Much of the daily rent money was diverted.

Nhi says it was donated to men running for Parliament last autumn.

"Some of the candidates have paid the money back," Nhi said, "and I have paid Vinaco. We still owe Vinaco 1.5 million piasters."

Nhi said Vice President Ky had ordered the group to reorganize. "Mr. Ky is very angry," he said.

SEATO Lauds Bombing Curb

WELLINGTON, New Zealand (AP)—The Southeast Asia Treaty Organization's council of ministers said today the Communists have intensified overt attacks, subversion, infiltration and terrorism against "many free states of Southeast Asia" in the last year.

A communique at the end of the annual two-day council meeting specifically mentioned North Vietnamese troops in Laos and insurgency in Thailand and the Philippines.

The six-nation SEATO council also endorsed President Johnson's "bold and generous decision" to curtail the bombing of North Vietnam and said it hoped North Vietnam would respond promptly "in ways that would result in mutual reductions in the fighting, early and productive negotiations and a just and lasting peace."

Bink Youngest Council Member In City History

Robert "Bob" Bink, 27, Escanaba councilman-elect, is believed to be the youngest man ever elected to the Council, said City Clerk Don Guindon today after a search of the records going back many years.

"I haven't been able to check the records for more than 20 years or so, but from every indication it appears that he will be the youngest councilman in the city's history," Guindon said.

Bink was born in Escanaba on May 5, 1940, and was elected to the Council last Monday, along with incumbents Cecil B. Chase and H. George Nelson.

Those three and hold-over councilmen Mayor Harold Vanlerberghe and Edward J. Cox will meet in organization session at the City Hall at 7:30 p.m. Monday, April 8, said City Manager George Harvey.

Mayor Vanlerberghe will preside and will call upon the clerk to administer the oath of office to the newly elected Council members. The election of a mayor will follow, and if custom is followed, the Council will choose Chase because he received the highest vote in Monday's election.

The newly elected mayor will then assume the chair and the Council will then choose a mayor pro-tem; and will also select three citizens to represent the City of Escanaba on the Delta County Board of Supervisors and to serve on the Board of Review. The incumbent appointed supervisors are Frank Bourke, Roy Jensen and Matt Smith.

The ballots cast in Monday's election will be canvassed on Thursday and a report of the official vote will be made to the City Council Thursday night.

Serving on the Board of Supervisors besides the three appointees from the city are all members of the Council plus City Assessor Charles Schmidt. The Board of Supervisors will meet in organization session on Tuesday.

Robbery Trial Is Rescheduled

The preliminary hearing in Municipal Court of armed robbery charges against Charles E. Hayes, 28, escaped California mental patient, has been continued to April 11.

Hearing originally was scheduled for Tuesday, but counsel stipulated to the continuance.

Circuit Judge Bernard H. Davidson appointed Ernest Oliveras of Escanaba as Hayes' attorney.

Hayes is being held in the Delta County jail in lieu of \$5,000 bond. He is charged with the armed robbery of Francis Petras of Green Bay in a motel room in Escanaba.

Prosecuting Attorney Nicholas Chapekis said that warrants from Wisconsin charging Hayes with attempted murder and armed robbery of a Prentice area housewife also have been filed in Delta County.

House Defeats Dog Racing Bill

LANSING (AP)—The House today defeated a bill which would have legalized greyhound dog racing in Michigan. The vote was 30-75.

Rep. Roy Spencer, R-Attica, sponsored the measure, which also would have allowed winter race meetings at both horse and dog tracks. He estimated the measure would have yielded at least \$25 million a year in new revenue.

Spencer claimed Monday he had 70 votes for the measure, 14 more than would have been needed to adopt it. He got only 30.

The bill would have authorized up to eight dog tracks in the state, at least one in the Upper Peninsula and one in the Detroit metropolitan area. It would have required approval of the council or board of supervisors in the city or county in which the track was to be located.

After the defeat, House members revived the measure with the announced intention of removing the dog racing provisions and voting only on sections designed to regulate existing horse tracks.

Underdog Warrior Five Tops Hawks In Playoffs

SAN FRANCISCO (AP) — Underdog San Francisco has become the fourth member of the National Basketball Association playoff cast with a 111-106 victory over the St. Louis Hawks.

"It's the greatest upset in NBA history," said a happy Bill Sharman Tuesday night after his Warriors disposed of the Hawks, four games to two, with fine outside shooting in every game of the Western Division semifinals.

"We truly didn't expect to be here," said Clyde Lee, who topped in the Warriors' final basket after the Hawks had pulled to within 109-106.

The Warriors, plagued by injuries—the biggest to star Nate Thurmond—ended in third place in the regular season behind the Hawks and second-place Los Angeles.

Los Angeles, winner over Chicago in their semifinal series, entertains the Warriors Friday night in the first game of the Western Division final playoffs. The teams were 4-4 against each other during the season.

Boston and Philadelphia open their fight for the Eastern Division.

Girl's Softball Association To Meet Thursday

The Girls' Softball Association will hold its organizational meeting Thursday, April 4, at 7:30 p.m. instead of the previously announced 8 p.m. The meeting will be held in the Chamber of Commerce building.

All girls interested in playing softball this summer are asked to attend so teams can be formed.

sion crown Friday night in Philadelphia.

Rudy LaRusso led the Warriors with 30 points, but it was Bobby Warlick who put the game away. He scored seven of his 20 points in the final four minutes. Jeff Mullins also collected 20.

Red Auerbach says the law of averages is just catching up with the injury-plagued Philadelphia 76ers. But he still expects the NBA defending champions to be tough in the annual showdown series with his Celtics.

"Now Philly knows how the rest of us have felt," the former Celtic coach and current general manager said Tuesday.

The 76ers lost valuable sixth man Billy Cunningham in the

cess with a broken wrist during the Eastern Division semifinals.

In addition, Wilt Chamberlain is bothered by a sore toe and a bad knee; Luke Jackson is playing with a torn hamstring muscle, and backcourt aces Hal Greer and Wally Jones both have knee problems.

"But that doesn't mean the 76ers will be any softer," Auerbach said.

Boston appears in somewhat better over-all shape physically heading into the best-of-7 Eastern finals beginning in Philadelphia Friday night. But the Celtics also have a few problems.

Player-coach Bill Russell is bothered by several jammed fingers while Larry Siegfried is suffered from a heavy cold.

76ers Make Utah State Star First Round Pick

NEW YORK (AP) — Shaler Halimon, 6-foot-5 star of Utah State, has been drafted by the Philadelphia 76ers, champions of the National Basketball Association.

This was disclosed today by a spokesman for the 76ers in advance of the formal announcement from NBA headquarters in New York.

A spokesman for the NBA said the official first-round draft choices by all teams would be announced late today.

Franklin Miele, owner of the San Francisco Warriors, said he would draft Ron Williams, 6-3 West Virginia star "if he's available."

Bob Kauffman, 6-8 Little All-American from Guilford, N.C. College, has been drafted and signed by the Seattle SuperSonics, the Seattle Times said.

Don Richman, Seattle general manager, would neither confirm nor deny the report, but called a press conference for today.

With the exception of the San Diego Rockets, who signed Houston's All-American Elvin Hayes last week for an estimated \$400,000, none of the other NBA clubs made known their first-round draft picks. The selections were made in a telephonic draft by Walter Kennedy, commissioner of the league.

There were unconfirmed reports that the Baltimore Bullets had chosen All-American Wesley Unseld of Louisville and that the Boston Celtics had picked Don Chaney of Houston.

The New York Knicks were understood to like Jo Jo White of Kansas.

Some of the leading collegiate stars likely to be drafted include All-American Larry Miller of North Carolina, Don May of Dayton, the Most Valuable Player in the recent National Invitation Tournament, Bill Hosket of Ohio State, Mike Lewis of Duke, Sam Williams of Iowa, and Tom Boerwinkle of Tennessee.

Among the small college players eligible are John Ray Goldrey of Abilene Christian, Henry Logan of Western Carolina, Jerry McGreal of Illinois State, Larry Newbold of Long Island,

Michigan Golfer Wins Senior PGA

PALM BEACH GARDENS, Fla. (AP) — Defending champion Joel Shepherd of Kalamazoo, Mich., defeated George Tainor of Rochester, N.Y., 1-up in 19 holes Tuesday in opening round play of the PGA Seniors Golf Championship.

Shepherd birdied the first hole of sudden death play, a par five 515-yarden, to win the match.

Walter Bronson of Oak Park, Ill., had 147 to lead the qualifiers and then defeated Robert Morton of Columbus, Ohio, 3 and 2. Bronson had 71-76 in qualifying rounds Sunday and Monday.

Daugherty Made East Team Coach In Shrine Game

SAN FRANCISCO (AP)—Duffy Daugherty of Michigan State was named Tuesday as head coach for the East team in the 44th Annual Shrine East-West football classic next Dec. 28.

His assistants will be John Pont of Indiana and Tom Cahill of Army.

The selections were announced by Ted Balliet, new general manager of the charity game. West coaches will be chosen later.

For Daugherty it will be his fourth trip to San Francisco as a Shrine Coach and his third as head coach, most recently in 1966.

Ernest C. Elwood, potentate of Islam Temple, announced that Balliet, who directed the game as potentate last year in its first appearance at Candlestick Park, has been selected general manager for the 1968 and future games.

Balliet reported that the move

to Candlestick Park, home of the baseball Giants, had been an outstanding success and that the Shrine game would be played there next December and in the foreseeable future.

He said a new downtown stadium, now under discussion, was "perhaps five years away."

Last year's game drew 46,000 paid attendance, which was 1,200 better than the previous game at Kezar Stadium, he said, and additional temporary seating will enlarge the capacity.

Balliet also announced that the American Broadcasting Co. would handle television and radio broadcasts of the game, which for the past 15 years was under contract by the National Broadcasting Co. Financial arrangements were not disclosed.

One consideration, he said, was the ABC would be doing the regular-season airing of collegiate games.

Orioles, Red Sox To Be Minus Stars For Opener

By The Associated Press

The Baltimore Orioles will be without another of their 1966 pennant heroes when the 1968 baseball season begins Monday and last year's champion Boston Red Sox are not doing much better.

The Red Sox, already without pitching injured ace Jim Lonborg for at least the first month of the season, sent slugging Tony Conigliaro flying to Boston Tuesday to undergo further eye examinations.

"There's no doubt that I have a problem," the 23-year-old outfielder was quoted by teammate Carl Yastrzemski in a story written for the Boston Evening Globe. "I have to admit my eyes are nowhere near perfect."

Conigliaro admitted he has difficulty focusing on pitches in daylight. He suffered blurred vision when he was hit near the left eye by a pitch last August, and missed the rest of the 1967 season and the World Series. He had 20 homers, 67 runs batted in and a .287 batting average at the time.

This spring, he is hitting only .167 and has struck out frequently.

Baltimore's worries are not as acute as the pitching rich Orioles sent Wally Bunker to join Jim Palmer in the minor leagues to work out pitching problems.

Bunker, also 23, won 19 games in 1964 and 10 games and a World Series game in 1966 before tendonitis limited him to a 3-7 record last year.

Palmer, another Series winner who was 15-10 that year, also has been bothered by arm trouble and was sent down earlier this spring, and Stu Miller, the star of the bullpen, was sold Monday.

Other pitchers, like Bo Belinsky, had a good day.

Belinsky got his wish from the Houston Astros and was sold to Hawaii of the Pacific Coast League where he hopes to pitch and open a dude ranch.

On the mound, Woody Fryman, Mike McCormick, Earl Wilson, Milt Pappas and Jerry Stephenson sparkled.

Fryman, acquired by Philadelphia from Pittsburgh in the Jim Bunning trade last winter, turned in a three-hitter for seven innings and struck out 11 as the Phillies blanked Minnesota 1-0 on Tony Taylor's sixth-inning homer.

McCormick, who won 22 games, the Cy Young Award and the comeback award in the National League in 1967, stopped Cleveland without a run for six innings in San Francisco's 6-1 triumph over the Indians.

Wilson, another 22-game winner last season, gave up six hits and one run in seven innings, pitching Detroit over the Chicago White Sox 5-1.

Cincinnati got a one-hitter for five innings from Pappas and the Reds went on to a 4-2 decision over Houston.

Ron Hansen hammered a two-out ninth inning homer to break a tie and hand Washington a 5-4 victory over Boston,

despite Stephensen's efforts. Stephensen stopped the Senators on two hits and one unearned run for seven innings before Washington scored four runs in the last two innings against relievers.

Jim Hardin, John O'Donoghue and Pete Richert stopped the New York Yankees on five hits in Baltimore's 2-1 12-inning triumph on Elrod Hendricks' sacrifice fly.

Bobby Tolan stole home with the winning run off Don Shaw in the eighth inning to give St. Louis a 3-2 victory over the New York Mets.

Don Drysdale was touched for four runs in seven innings, but Los Angeles bombed Ken Holtzman and Rich Nye for a 5-4 decision over the Chicago Cubs.

Three hits, two errors and a sacrifice fly got Pittsburgh three runs and a 3-2 victory over Oakland.

Hawks, Rangers Playoff On TV

NEW YORK (AP) — Sunday afternoon's game between the Chicago Black Hawks and the New York Rangers will be the first in the playoffs to be nationally televised, the National Hockey League said Tuesday in releasing its schedule of opening round playoff games.

First games in each of the four best-of-seven series will be played Thursday night. In East Division games, Boston will be at Montreal and Chicago at New York. The West Division schedule is St. Louis at Philadelphia and Minnesota at Los Angeles.

The Chicago-New York game Sunday will be televised by CBS starting at 2:05 p.m. EST. It will be blacked out in New York.

35 Cars Enter Sunday Rally

Two Manistique couples placed in Sunday's Emerald City Motor Rally which attracted entrants from all over the Upper Peninsula.

Wayne and Margaret Richards of Manistique placed second in the Expert Class with Sheri Beck and Margo Nygard capturing fourth place in the Novice Class.

35 cars were entered in the rally which tested driving and navigational skills. The route covered roads in Schoolcraft and Delta counties. Total mileage of the route was 120 miles and ideal completion time was three hours.

Bob and Connie Haddock of Escanaba placed first in Expert Class with Elmer and Betty Pederson of Escanaba third. Scott Hunter and Pat Curtis of Marquette captured first in Novice with Robert and Jane Schroeder, Marquette, second; Tom Jones and Bob Opsahl, Marquette, third; and Peter Holman and Jay Olson, Marquette, fifth.

Trophies were donated by local car dealers in the Manistique area.

St. Francis Sets Service Schedule For Holy Week

The schedule for Holy Week at St. Francis de Sales Church has been announced by Msgr. F. M. Scheringer, pastor.

The blessing of the palms will take place in the parish Center at 7:45 Sunday morning, April 14. The parishioners will assemble there with the choir and the altar boys for a procession to the church and celebration of the Eucharist. Palms will also be distributed at the other Sunday Masses locally and at Gulliver on 10 a.m.

Wednesday, April 10, confessions will be heard from 4-5 and from 7-8 p.m., and Saturday, April 13, from 4-5 and 7-8 p.m.

On Holy Thursday, a Mass will be offered at 8 a.m. especially for the school children. The Mass of the Lord's Supper will be offered at 7:30 p.m., with a sermon, washing of the feet of 12 altar boys, procession of the Eucharist, and Reposition. Hours of adoration will be assigned to the parishioners. The newly-formed Senior Choir, under the direction of Rev. Father Dan Zaloga, will sing at this service, together with the children's choir under Sr. Mary Ralph's direction.

Good Friday services will begin at 1 p.m. Both choirs will participate, as well as the congregation. Holy Communion may be received at this service.

Good Friday evening, at 7:30 Meditations on the Way of the Cross will be given by 14 men of the parish who have made the Cursillo.

Holy Saturday Easter Vigil Services will begin at 8 p.m. Blessing of the paschal candle, water, fire and food. Renewal of Baptismal promises will also be held.

Easter Sunday Masses are at 6-8-10 and 11:30 a.m. Easter Mass at the Divine Infant Church in Gulliver will be at 10 a.m.

The 8 o'clock Mass on Easter Sunday will be sung by the children's choir and the 11:30 Mass will be sung by the Senior Choir.

MANISTIQUE Dinner Planned To Honor Priest

Msgr. Francis M. Scheringer, pastor of St. Francis de Sales Church, will be honored on April 23, the 35th anniversary of his ordination, at a dinner in the St. Francis Parish Center.

A Mass of Concelebration will be sung at 6 p.m. followed by the dinner at 7 p.m.

John Matthews and Dr. Robert Hawn are co-chairmen of the event. Matthews will also serve as master of ceremonies.

Msgr. Scheringer is a native of the Upper Peninsula and has been pastor of St. Francis since 1950.

He was born July 12, 1908 in Calumet; attended high school at St. Norbert's in DePere, Wis.; entered preparatory seminary in St. Paul in 1924; St. and was ordained April 23, 1933. He celebrated his first Mass April 30, 1933 at St. Joseph's Church in Calumet.

Msgr. Scheringer was first assigned to St. Peter's Cathedral, Marquette, serving there from 1933 to 1937. He served St. Charles Church, Rapid River, and St. Rita's Church, Treenay, from 1937 to 1940; St. Paul Major Seminary 1927; Gregory's in Newberry from 1940 to 1942 and Sacred Heart Church, L'Anse, from 1942 to 1950.

On January 4, 1961 he was honored by Pope John XXIII with a Solemn Investiture as a domestic prelate and the title of Right Reverend Monsignor. Tickets will be available at the parish bake sale being held after all Masses at St. Francis this Sunday or may be obtained from Putvin's Walgreen Agency, or Hoholik's Plumbing and Heating.

Eighth Graders Mark April 1

Sister M. Mercelyn, eighth grade teacher and principal of St. Francis School, was astounded to see four of her students painfully grope their way into her classroom Monday morning.

She discovered that the four were heavily bandaged and appeared to be suffering from broken legs, broken arms, and assorted fractures.

Eighth grade boys being 13-years-old and teachers being wiser, the pseudo-disabled four — David Waters, Robert Casia, James Malloy, and Paul Messier — soon confessed their attempt to spread a little fun on April 1.

Chamber Calls Special Session

A special general membership meeting of all active and prospective members of the Top O'Lake Chamber of Commerce will be held Thursday at 7 p.m. at the Surf.

Chamber President David Kelly labels this meeting "one of the most important ever planned. This meeting will determine the future course of action our Chamber will take."

Kelly stresses that the meeting is not the annual membership meeting, which will be held in April.

A six o'clock buffet is planned for those who wish to eat before the 7 p.m. meeting.

Memorial Books Given To Library

The Manistique School and Public Library has received two books in memoriam to the late Art Allen. "The Golden Ski Guide" by William S. Galloway and Bob Beattie is a complete course of instruction in modern American ski technique. "The Young Sportsman's Guide To Skiing" by Bill Wallace is an easy-to-read manual illustrated with photographs.

Art Allen was a ski enthusiast and taught many youngsters in the Manistique area the techniques of skiing.

"History of the Michigan State Police" has been presented to the library as a memorial to the late Nalbert Gerber, State Police officer of the Manistique Post.

The book is comprehensive and includes pictures of present Michigan State Police officers and retired officials.

The books have been processed and are now available for circulation.

In Service

Army Cpl. Edward D. Leonard Jr., 20, whose parents live on Otter St., Manistique, was assigned to the 1st Armored Division at Ft. Hood, Tex. Cpl. Leonard, last stationed in Vietnam, is now a gunner in the 1st Battalion of the division's 73rd Artillery. He entered the Army in Aug. 1966, and completed basic training at Ft. Leonard Wood, Mo. A 1966 Manistique High School graduate, Leonard was employed as a construction worker before entering the Army.

Cubans Long For Austerity's End

HAVANA (AP) —Two young women, in their mid-teens when Prime Minister Fidel Castro came to power nine years ago, were talking during a birthday party. What would they do first if by some strange stroke Cuba suddenly had everything it needs and wants?

One decided she would buy every brand of shampoo on the market and wash her hair repeatedly until she had tried them all, meanwhile eating chocolate candy until she was sick. The other would enter the largest dress shop she could find and try on everything in the store before making a purchase.

Their conversation was one manifestation of the trade embargo the United States imposed almost seven years ago to make life as difficult as possible for Castro's Communist government. The embargo was announced April 25, 1961—eight days after the unsuccessful Bay of Pigs invasion and the day after President John F. Kennedy accepted full responsibility for that exile attack.

Embargo Succeeds
The United States government forbade American trade with Cuba and threatened to cut off from the U.S. market any foreign firm doing business with

Castro. This embargo is often called a blockade but that word implies a ring of war ships around the island to stop trade. No such ring exists.

"I didn't think too much of the embargo's success when I arrived 18 months ago," a European diplomat says. "Now I have seen more and I think the embargo is successful."

Other foreign observers agree and Castro's repeated attacks on the embargo back them up.

To the government, lack of feminine finery is one of the smaller problems. Larger worries are caused by critical shortages of spare parts for American-made vehicles, machinery, communications equipment, appliances and—most important—sugar mill equipment.

Still Dependent
Castro set out to sever all economic ties with the "Yankee Imperialists" in a country whose economy was tightly hitched to that of the United States before his revolution succeeded in 1959. He has, partly with the help of the embargo, succeeded. But he has failed so far in his drive to make Cuba economically independent. Dependence has only switched from the United States to the Soviet Union and Eastern Europe.

It is difficult to say how much of the domestic shortages can be traced to the embargo and how much to Cuba's need for exports to balance her trade deficit. But almost everything from meat to toilet paper is rationed and the embargo serves as a handy whipping boy in government explanations.

Shortages Everywhere
To the average Cuban, he is militant Communist or on the list for a refugee flight, the embargo is a nuisance. What is closest to him is the shortage of consumer goods, of spare parts for his old American car, of medicine for his children, of new tubes for his television set. Old Havana used to be the big shopping area here. Windows are almost bare there now. A men's shop may display one pair of pants, a shirt, a pair of shoes. Women wear mended hose or seamed hose from Eastern Europe. A pair of seamless nylons from Canada costs \$12, if they can be found.

Flat Rock
Members of the Escanaba Deaneary MDCCW met Monday evening at Holy Family Church to discuss plans for the annual MDCCW convention to be held April 27-29 at Sault Ste. Marie.

Women representing all area Catholic churches were present for this special meeting. Hostesses for the evening were women from the Holy Family Church.

Hubert Knew LBJ Decision

MEXICO CITY (AP) — Six persons were in the library of the U. S. Embassy residence when President Johnson's decision not to seek re-election was broadcast. Only one of them knew of the decision in advance.

That man was Vice President Hubert H. Humphrey. Even the vice president's wife Muriel did not know, U. S. Ambassador Fulton Freeman said Tuesday.

In the room that Sunday night were Ambassador and Mrs. Freeman, the Humphreys and Mexico's President Gustavo Diaz Ordaz and his wife.

The six remained in the room for an hour, and only two persons entered—one of Freeman's aides who went in for 30 seconds and Humphrey's press secretary, Norman Sherman, who went in for five minutes at the end.

Persons outside the room said that when the group emerged, after about an hour, Mrs. Humphrey looked as though she had been crying. The other five were expressionless.

The President can order National Guard officers to active duty during any period of national emergency.

Card of Thanks

Brock

Words cannot adequately express our deep appreciation for the many kind acts by friends and relatives at the time of the illness and the death of our wife, daughter, mother and grandmother, Mrs. Golden (Geraldine) Brock. We would like to express our special thanks to the doctors, nurses, staff of Schoolcraft Memorial Hospital, staff of the Manistique Clinic, Msgr. F. M. Scherlinger and Father Dan Zaloga, those who sent floral and spiritual bouquets, gifts of money, food, the active and honorary pallbearers, the Kefauver & Jackson Funeral Home, and all who helped in any way. Such kindnesses and thoughtfulness cannot be forgotten.

The Family Of Mrs. Golden (Geraldine) Brock

Loritz

We wish to thank our friends and neighbors for their kindness and sympathy in our bereavement, the death of our beloved wife, Mother and Daughter, Patricia Ann Loritz. We are grateful to Msgr. M. B. Melican for his comforting words, to Allie P. L. Home, the pallbearers, drivers, to those who sent food, money, food, and spiritual bouquets, and all others who assisted us in any way. Your kind acts will never be forgotten.

(Corfam is the reason.)

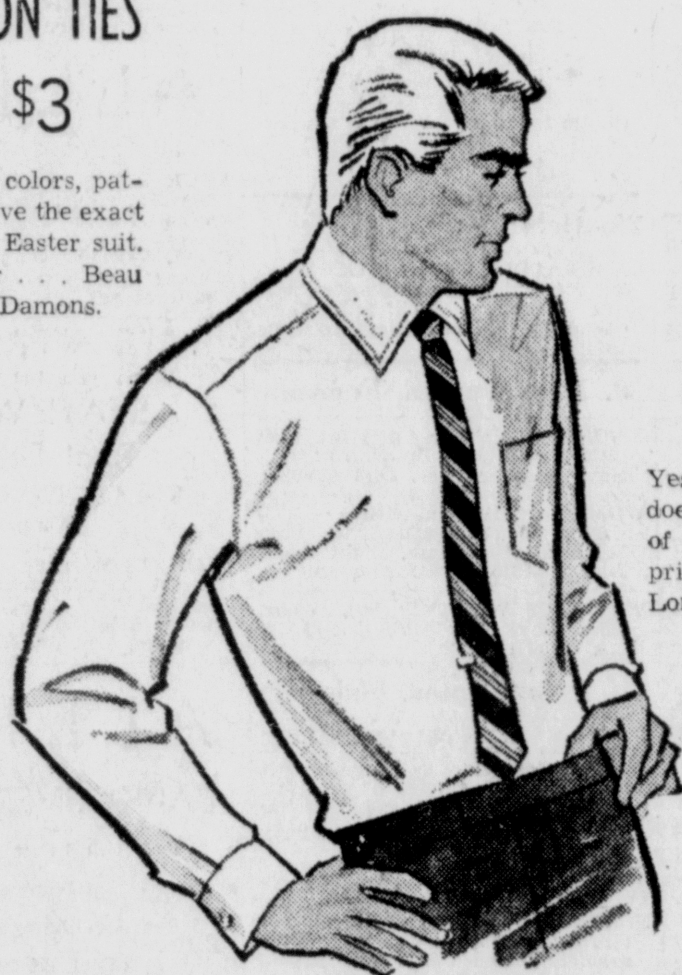

If you let it, our Corfam dress shoe will collect dust. But it won't lose its shine. Just wipe it with a dry cloth. And you're all set.

The secret is Corfam. It keeps its shine (even without polish), sheds water, and is so flexible that it needs no breaking-in.

Thom McAn Corfam dress shoes have flexible leather soles and soft, plump linings. So you feel comfortable as well as well-dressed.

And the quality is Bootmaster. You get the detail and styling you expect in shoes with much higher price tags. The shoe shown above is just \$30.00.

(Maybe that's why these shoes never stay in the store window long enough to get dusty.)
